Privacy Policy

Carina Finance Privacy Policy

Last updated: October 7, 2025

Welcome to **Carina Finance** (“**Carina**”, “**we**”, “**us**”, or “**our**”).

Your privacy is important to us. This Privacy Policy explains how we collect, use, and protect information when you interact with our products, services, and website (collectively, the “**Services**”).

By accessing or using Carina Finance, you agree to the terms of this Privacy Policy.

---

1. Information We Collect

Carina Finance is a **non-custodial and decentralized platform**. We do **not** collect or store personal data like names, email addresses, or identification documents.

However, to improve functionality and user experience, we may collect certain **non-personal and on-chain data**, as described below:

a. On-Chain Data

We interact with publicly available blockchain data, including:

- Wallet addresses
- Transaction hashes and activity (e.g., swaps, intents, liquidity actions)
- Token balances or approvals related to Carina smart contracts

> This data is publicly visible on the blockchain and not considered “personal information” under most data protection laws.

b. Technical Data (Off-Chain Analytics)

To help us understand how our Services are used and improve performance, we may use analytics tools that collect:

- Browser type, operating system, device type
- IP address (anonymized or aggregated)
- Referring pages, time spent, and usage patterns

We use privacy-friendly analytics platforms such as Plausible or Google Analytics (if applicable), configured to avoid personal tracking.

c. Optional Data

If you voluntarily contact us (for example, through email, forms, or community channels), we may collect:

- Your name or username
- Email address or contact information
- Message content and attachments

---

2. How We Use Information

We use the collected information to:

- Operate and maintain Carina Finance
- Improve performance, reliability, and security of the protocol
- Analyze usage trends and optimize UX/UI
- Communicate updates, features, or support messages (if you contact us directly)
- Detect, prevent, and address security or fraud issues

---

3. Information We Do Not Collect

Carina Finance **does not**:

- Require user registration or account creation
- Collect KYC/identity data
- Store private keys, seed phrases, or wallet access information

- Custody user funds

All transactions occur **directly on-chain** and under your control.

4. Sharing and Disclosure

We do not sell, rent, or trade your personal data.

We may share limited data only in the following cases:

- **Legal Compliance:** To comply with applicable law or a valid legal process.
- **Service Providers:** With third-party tools (e.g., analytics, hosting) strictly to operate our Services under confidentiality agreements.
- **Security:** To prevent or mitigate malicious or illegal activities.

5. Cookies and Tracking

Our website may use cookies or local storage to:

- Remember preferences (e.g., light/dark mode, selected network)
- Maintain session information
- Improve load times and functionality

You can disable cookies in your browser settings, but certain features may not function properly.

6. Third-Party Links and Services

Carina Finance may include links or integrations with third-party platforms (e.g., wallets, explorers, or analytics tools).

We are not responsible for their privacy practices.

Please review their policies before interacting with them.

7. Data Security

We employ technical and organizational measures to protect information from unauthorized access, alteration, or destruction.

However, as a decentralized system, **no storage or transmission method is 100% secure**, and you use the Services at your own risk.

8. Children’s Privacy

Carina Finance is intended for adults and professional DeFi users.

We do not knowingly collect or process any information from individuals under the age of 18.

If we become aware that a minor has interacted with our Services or submitted information, we will promptly delete such data and restrict access.

9. International Users

Carina Finance is accessible globally.

By using the Services, you consent to the processing of data in accordance with this Privacy Policy, regardless of your location.

10. Changes to This Policy

We may update this Privacy Policy periodically to reflect changes in technology, regulation, or our practices.

Updates will be posted on this page with a revised “Last Updated” date.

11. Anti-Money Laundering (AML) & Compliance

Carina Finance is committed to supporting the global fight against money laundering, terrorist financing, and other illicit financial activities, while maintaining the privacy and sovereignty of decentralized finance users.

a. Decentralized & Non-Custodial Nature

Carina Finance operates as a **decentralized, non-custodial intent aggregator**.

We do not hold custody of user assets, execute trades on behalf of users, or control private keys.

All transactions occur directly between users' self-custodied wallets and smart contracts deployed on the **SEI** blockchain.

b. AML-Aligned Best Practices

Even though Carina is not a financial institution or a Virtual Asset Service Provider (VASP), we voluntarily adopt the following practices to discourage illicit use:

- Monitoring on-chain activity patterns using public blockchain data and third-party analytics tools (e.g., Chainalysis, TRM Labs, or similar providers).
- Blocking known sanctioned or high-risk addresses (e.g., OFAC-listed or flagged wallets) from interacting with Carina's frontend.
- Cooperating with lawful requests from competent authorities, when such requests are valid under applicable law and limited to publicly accessible blockchain data.
- Encouraging users to comply with their local financial regulations and AML obligations when using decentralized protocols.

c. No KYC Collection

Carina Finance does not collect or store Know-Your-Customer (KYC) information.

Users remain fully responsible for ensuring their own compliance with applicable AML, tax, and reporting regulations in their jurisdiction.

d. Sanctions Compliance

Carina Finance prohibits the use of its Services by individuals, entities, or wallets that:

- Appear on any sanctions list maintained by the United Nations, OFAC, EU, or other recognized authorities; or
- Are located, incorporated, or otherwise operating in jurisdictions subject to comprehensive international sanctions.

Our systems may automatically restrict or block access from such jurisdictions where required by law.

12. Contact Us

If you have any questions or concerns regarding this Privacy Policy or data handling, please contact us at:
